

NEW COACH FOR ALPHINGTON

The ABC Board is pleased to announce the appointment of Bill Plummer as Coach of our club.

Bill has bowled as a skip with Sunbury for 25 plus years, in Premier league and Division 1, and with Ivanhoe as a skip for 4 plus years in Division 1. During these years he has won numerous RVBA and individual titles.

Bill also has a history as a successful football player in the VFA: Yarraville and Werribee and as a premiership playing coach with Riddell.

Over the past few years, ABC has become a club on the rise and one with a 'winning culture'. As most of our pennant bowlers have received little or no 'formal' coaching, this success basically reflects that we have many bowlers with natural talent! We have recognised that to advance on the rinks, we need to take the next step. We also recognise that as a club and bowlers, we all have a great window of opportunity for success - so why not give it a crack!

Bill joined ABC as a player last season and has already brought a wealth of leadership and coaching experience across bowls, football and indeed most sports. Importantly, these are the qualities we were seeking as a club, to help us make the next forward step.

Bill has shared his plans and visions which will be publicised when he takes up the job at the start of July. But he is always around the club so please do not hesitate to hit him up early and start improving your game now!

In closing, here is a quote from one of Bill's Premier Div opponents which I believe says it all:

"Bill has made many a man cry, he is just a fantastic bowler, a great competitor, a gentleman and just a fabulous bloke. Bill brings out the best in his team, as his opponents discovered".

I hope you are just as excited with this appointment as I am!

Cheers,

Mark Perry
Chairman - ABC
